## Chef Base Freezer

*Chef Bases  
PRO Series*

### Patented Self-Cleaning Condenser

This product is equipped with a fine mesh filter to the front of the condenser to catch dust, and a rotating brush that moves up and down daily to remove excess buildup outward and away.

**Model : PRCBE-48F-N**

### FEATURES & BENEFITS

#### ■ Self-Cleaning Condenser

The accumulation of dust in the condenser can cause the failure or breakdown of refrigerators. Refrigerators run normally until they reach a certain level of accumulation. At some point, when they are over the limit, their performance drops quickly resulting in damage to, or disposal of the stored products inside. The Self-Cleaning Condenser device keeps the condenser clean and prevents system failure by automatically brushing daily.

#### ■ Hydrocarbon refrigerants (R-290)

With innovative and eco-friendly technology, Turbo Air brings you hydrocarbon refrigerators designed to meet DOE's Energy Conservation Standards in 2017 and to use EPA's SNAP Program approved HC refrigerants. Hydrocarbon refrigerants do not deplete the ozone layer and have very low contribution to global warming (ODP-0, GWP-3).

#### ■ Digital temperature display on front panel

#### ■ Strong body and durable construction

Built with heavy duty 16 ga. stainless steel, Chef Base top is manufactured of one-piece reinforced stainless steel to ensure durability.

#### ■ Countertops

PRCBE-36/48/60F-N supports up to 788 pounds of equipment.  
 PRCBE-72/84/96F-N supports up to 1,192 pounds of equipment.

#### ■ Each drawer accommodates up to 6" deep two (2) full size pans

#### ■ Top is insulated to eliminate heat transfer to the interior of cabinet

#### ■ Side mount compressor unit

Compressors positioned on the side of the units makes servicing our units easy. Our front air intake feature also allows this model to be highly efficient in narrow spaces.

#### ■ High-density polyurethane insulation

The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.

#### ■ Durable stainless steel drawers

#### ■ Stainless steel top with Drip Guard (marine) edge

#### ■ Hot gas condensate system

#### ■ Full length drawer with gasket guard

#### ■ Drawer slider load capacity up to 180 lbs

#### ■ Magnetic snap-in gasket

#### ■ Freezer holds -10°F ~ 0°F for the best in frozen food preservation

#### ■ 4" Deep pans included
