PRO Series

FEATURES & BENEFITS

Model : PRO-15H-G

- Digital temperature control & monitor system**
 - Keeps food products safe by maintaining constant temperatures
 - Alarm beeps when doors are not sealed
 - Early warning alarm program detects issues before malfunction occurs
 - Digital display allows for easy monitoring
 - Sensitive touch display
- Ducted fan air distribution system**
 - Maintains temperature within the food zone
- On/Off switch**
 - ON/OFF switch is located on control panel
- All stainless steel cabinet construction**
 - The PRO series model boasts a stainless steel interior and a **22 gauge** stainless steel exterior (galvanized steel top, bottom). It guarantees the utmost in cleanliness and long product life. The PRO series model adds a touch of style to the most refined setting.
- Sturdy, clean stainless steel shelving**
 - Shelves are the most important part of cleanliness as they come in direct contact with food. After a while, PVC coated wire shelves may peel, rust and lead to unsanitary conditions. Only the Turbo Air PRO series uniquely provides stainless steel shelving.
- LED interior lighting**
 - Includes a U.S. patented dimming option, exclusively from Turbo Air. This feature reduces energy consumption by 3~5%.
- High-density polyurethane insulation**
 - The entire cabinet structure and solid doors are foamed-in-place using high density, CFC free polyurethane insulation.
- Full length glass doors with locks**
- Self-closing doors with stay open feature at 120 degrees**
- Heated cabinet holds 140°F ~ 180°F for the best in food preservation**
