## Pizza Prep Table - Drawers

Food Prep Tables - Pizza Prep  
 Super Deluxe Series

**Model : TPR-44SD-D2-N**

### Patented Self-Cleaning Condenser

This product is equipped with a fine mesh filter to the front of the condenser to catch dust, and a rotating brush that moves up and down daily to remove excess buildup outward and away.

### FEATURES & BENEFITS

#### Self-Cleaning Condenser

The accumulation of dust in the condenser can cause the failure or breakdown of refrigerators. Refrigerators run normally until they reach a certain level of accumulation. At some point, when they are over the limit, their performance drops quickly resulting in damage to, or disposal of the stored products inside. The Self-Cleaning Condenser device keeps the condenser clean and prevents system failure by automatically brushing daily.

#### Hydrocarbon refrigerants (R-290)

With innovative and eco-friendly technology, Turbo Air brings you hydrocarbon refrigerators designed to meet DOE's Energy Conservation Standards in 2017 and to use EPA's SNAP Program approved HC refrigerants. Hydrocarbon refrigerants do not deplete the ozone layer and have very low contribution to global warming (ODP-0, GWP-3).

#### Cold Bunker system

Our innovative forced air system allows cold air to flow all around the food pan area, covering not only underneath the pan, but also the front, top and the rear. This unique air flow creates a cold air-shield around the pan, which maintains the food temperature at under 41°F (NSF requirement) even when the lids are opened. In addition, the compartment isolates pans from the reach-in area to prevent food spillage.

#### Sturdy, clean stainless steel shelving & drawers

Shelves are the most important part of cleanliness as they come in direct contact with food. After a while, PVC coated wire shelves may peel, rust and lead to unsanitary conditions. Only the Turbo Air Super Deluxe series uniquely provides stainless steel shelving.

#### Stainless steel cabinet construction

The Turbo Air Super Deluxe model boasts a stainless steel interior (ABS door liner) and exterior (galvanized steel back & bottom) including durable stainless steel drawers. It guarantees the utmost in cleanliness and long product life. The Super Deluxe adds a touch of style to the most refined setting.

#### Extra deep HDPE cutting board

Our cutting board is 19-1/4" deep and 1/2" thick to provide ample working space, and is made of easy to use and sanitize HDPE (High Density Polyethylene). The new side rail cutting board bracket makes it easy to secure and remove the cutting board.

#### Side mount compressor unit

Compressors positioned on the side of the units make serving our units easy. Our front air intake feature also allows this model to be highly efficient in narrow spaces.

#### Insulated pan cover

#### Each drawer accommodates up to 6" deep, two (2) full size pans or six (6) 1/3 size pans or twelve (12) 1/6 size pans (drawer pans not included).

#### Refrigerator holds 33°F ~ 41°F for the best in food preservation

Actual shipping weight may differ due to extra packing materials for product protection.

\* Depth does not include 3" for cutting board and 1" for rear spacers.

† Height does not include 4-3/4" for caster height.

### ■ WARRANTY : 5 Year Parts and Labor Warranty 7 Year Compressor Warranty

### ■ STANDARD FEATURES

- Anti-corrosion coated evaporator
- Self-contained system
- 4" dia. swivel casters with locks on the front set
- 1/3 size, 6" deep condiment pans included (top of cabinet)

### ■ OPTIONAL ACCESSORIES

- 2.5" caster, 1/2" diameter & 13 TPI: 30265H0100 (non-brake), 30265H0200 (w/ brake)
- 5" caster, 1/2" diameter & 13 TPI: M726500100 (non-brake), M726500200 (w/ brake)
- Leveling leg, 1/2" - 13 TPI x 1.54": LFM1213566
- Stainless steel single over-shelf: TSOS-P4
